About the SACC Summit

The SACC Summit is the flagship annual gathering of the Swedish-American Chambers of Commerce (SACC-USA), bringing together business leaders, executives, entrepreneurs, policymakers, and professionals from across the United States and Sweden. The Summit provides a premier platform for transatlantic dialogue, networking, and business development.

Celebrating 250 years of American innovation and 243 years of Swedish-American friendship, the 2026 SACC Summit explores how to build stronger individuals, healthier organizations, and more resilient communities in a rapidly accelerating world at risk of becoming less human-centered. From corporate wellness to leadership, workplace culture, and authentic social connection, the Summit examines how to create environments where people thrive — not just perform.

SACC Summit 2026 will take place November 10–12, with the main venue at the Joe C. Thompson Conference Center at the University of Texas at Austin.

Why Sponsor the SACC Summit

01

High-visibility exposure to a transatlantic business audience

02

Direct access to decision-makers and industry leaders

03

Brand association with Swedish-American innovation, leadership, and collaboration

04

Opportunities for meaningful engagement before, during, and after the event

A wide-angle photograph of the Austin, Texas skyline at dusk. The sky is a deep blue with scattered clouds. The city lights are beginning to glow from the windows of the skyscrapers. In the foreground, there are several modern buildings, including a prominent white residential tower and a blue glass skyscraper. The overall atmosphere is vibrant and urban.
